Relevant Coursework: Data Structure and Algorithm, Human-computer Interaction.

SKILLS

Technical Skills	HTML, CSS, Tailwind, JavaScript, React, Typescript, Next.js, Testing and Debugging.
Soft Skills	Communication, Time Management, Problem Solving, Attention to Detail, Team Collaboration.

EXPERIENCE

Frontend Developer Intern HNG Internship	Jan 2025 - Present <i>Ile-Ife, Nigeria</i>
--	---

- Built a responsive [chat-style web app](#) using React and Chrome's AI APIs for text processing. Ensured accessibility, error handling, and smooth API integration for an intuitive user experience.
- Built a responsive React-based [ticket generator](#) that allows users to generate a conference ticket by filling out a form. Implemented form validation, state persistence, and avatar uploads via Cloudinary. .

Frontend Developer Intern iTaps Solutions	Sep 2024 - Dec 2024 <i>Lagos, Nigeria</i>
---	--

- Collaborated with backend developers and UI/UX designers to implement features, improve performance, and maintain code quality.
- Worked on debugging and refining existing codebases, enhancing application stability and user experience.

PROJECTS

[Positivus](#) Designed and developed a high-converting, responsive advertisement landing page. Optimized for user engagement with compelling visuals, clear CTAs, and seamless navigation.

[REST Countries Explorer](#) A web application using React that integrates with the REST Countries API to display country data. Implemented search, region-based filtering, and dynamic routing for detailed country views, including border navigation.

[Interactive Intro Section with Dropdown Menu](#). A responsive intro section featuring a sleek dropdown menu, built with HTML, CSS, and JavaScript, to enhance user navigation and demonstrate modern web design techniques.

[Ip Address Tracker](#) Developed a web application using React that integrates the IP Geolocation API by IPify to track and display IP addresses on an interactive map powered by LeafletJS.
